MEDIA & ENTERTAINMENT INDUSTRY IN THE INDIAN ECONOMY:

The Indian media and entertainment (M&E) industry is a promising sector for the economy and is making significant progress in terms of growth. The rise in digital adoption, fast and affordable internet, a large smartphone and broadband userbase, and a rise in sales of consumer durables like smartphones have contributed to the growth of the sector. With "digital" holding the pen and outpacing all other segments, sections like OTT, gaming, animation, and VFX are leading the M&E sector and are expected to rule the market in the coming years. Indian OTT platforms are in the scaling stage with strong subscription growth and significant investments in premium and original content.

As per Crisil Report, during the year 2023-2024 Indian media and entertainment sector is likely to grow 12-14 per cent to clock Rs 1.6 lakh crore revenue in FY24. "After the pandemic, digital has become the second-largest segment after TV in terms of ad spends. Together, they account for over three-fourths of the ad revenue for the M&E sector, followed by the print segment with a one-fifth share."

As per the latest report by the PwC, India's Media and entertainment Industry is expected to reach Rs. 4,30,401 crores (US\$ 53.99 billion) by 2026. Advertising revenue in India is projected to reach Rs. 394 billion (US\$ 5.42 billion) by 2024 .Television would account for 40% of the Indian media market in 2024, followed by print media (13%), digital advertising (12%), cinema (9%), and the OTT and gaming industries (8%).

Within the M&E sector, Animation, Visual Effects, Gaming and Comic (AVGC) sector is growing at a rate of ~29%, while the audio-visual sector and services is rising at the rate ~25%; is recognised as of one of the champion sectors by the Government of India. The AVGC sector is estimated to grow at ~9% to reach ~Rs. 3 lakh crore (US\$ 43.93 billion) by 2024, stated Union Minister of Commerce & Industry, Consumer Affairs & Food & Public Distribution and Textiles.

Overall Television segment is expected to reach 826 Billion by 2024 growing at a CAGR of 5% while the advertising segment is expected to grow at a CAGR of 8% and reach 394 Billion during the same period. This growth in television advertising will be driven by entry of new advertisers, existing brands advertising on television, upward correction in regional advertising rates and availability of new and fresh content.

The Indian media and entertainment industry is one of the fastest growing media industries in the world and is projected to reach USD 100 billion by 2030, said by Apurva Chandra, Secretary, Ministry of Information and Broadcasting (MIB). There is tremendous growth in the Indian Media and Entertainment Industry. With the rising consumer demand and improving advertising revenues, the Indian M&E (Media & Entertainment) is on the cusp of a strong phase of growth. The Indian Industry is driven by increasing digitization and higher internet usage over the last decade. The Internet has become a major source of entertainment for a majority of people.

MARKETING INITIATIVES:

The Company has been working across regions to make brand in the industry. It strives to differentiate itself from the others with its innovative ideas and brilliant execution. The Company's mission is to drive engagement through trendy, youthful and quality content. We are also actively engaged in promoting and developing new initiatives that engage audience.

RECENT DEVELOPMENT/INVESTMENTS:

- Non-fungible tokens (NFTs) are emerging as a driving force for media companies to expand their content and IP engagement among their audience. This is triggering a future monetization model with markets maturing and the media sector welcoming these changes. Media and entertainment companies are collaborating and forming relationships with NFT specialists and marketplaces to design offerings that empower consumers to engage in a new way with their favorite characters, movies, and TV show.
- Media and entertainment corporations are embracing and integrating emerging technologies to capture the metaverse mainstream and offer their audiences meaningful viewing experiences.
- There has been a rise in video streaming platforms. In the last five years, online searches for Amazon Prime Video have increased by 231%. Video streaming (SVoD) revenue is anticipated to rise by over \$139 billion per year by 2027. Hence it is no surprise that many media companies are introducing new streaming services. Paid over-the-top (OTT) platforms are emerging with incumbents, including Netflix, Hulu, and Amazon Prime Video.
- Social media platforms are embracing their algorithms to boost engagement. The live social media events are helping to spill over to other platforms, thus leading to the creation of new communities. Consumers can join global communities that align with their personal views on sustainability and responsibility. In 2023, brands will understand and integrate this motivation to form online communities and encourage engagement and adaptations. This will assist them in engaging with their consumers for future campaigns and connecting with their chosen audience.

GOVERNMENT INITIATIVES:

- Government of India has taken various initiatives like 100 per cent FDI allowed in teleports, multi-system operators, mobile TV, cable, and direct-to-home (DTH) satellite platforms; 100 per cent FDI allowed in publishing/printing of scientific and technical magazines/ speciality journals/ Periodicals under the government route and granting industry status to the film industry for easy access to institutional finance, have provided a boost to the sector.
- The government's plans to come out with a "Model Theatre Policy", "single-window clearance for theatres", and set up an animation, visual effects, gaming and comics (AVGC) task force indicate their intent to focus on the sector.

FUTURE OUTLOOK:

- In Indian economy the Indian Media and Entertainment industry is a growing sector backed by rising consumer demand and improving advertising revenues. Over the last decade, Indian Media and Entertainment industry has been driven by increasing dispensation and higher internet usage.
- Mobile is continuing to grow and by 2023 is expected to account for about 81 percent (nearly \$130 billion) of all online advertising, with mobile video advertising becoming three times the size of non-mobile video advertising, according to a PwC report. Television advertising revenue will have little growth in the coming years, about 0.3 percent by 2023, and radio advertising will have only marginally better growth by comparison, of about 0.7 percent (to \$18.4 billion) by 2023.
- Broadcast television will continue to experience significant changes as television continues to be more interactive and customized for viewers. In the last decade, the mandated change to digitized broadcasting coupled with the recession diminished broadcasters' revenue—the decrease in program spending led to layoffs and a decline in employment. The trend toward online viewership of TV is expected to continue, yet advertisers will continue to spend on TV advertising due to its ongoing effectiveness. Online TV advertising spend was expected to grow from about \$5 billion in 2019 to \$5.8 billion in 2023. Advertisers will continue to face intense competition to gain viewers' attention through various media and mobile devices. By 2023, there will be zero compound annual growth overall in the broadcast TV advertising sector and just .6 percent growth for cable networks, according to PwC.
- Indian OTT sector in the 'scaling stage' with strong subscription growth and high investment in premium and original content. Despite Covid challenges, India's media and entertainment industry has revived to pre-Covid levels and is expected to grow to \$55-70 billion by 2030 at 10-12 per cent CAGR, according to a report released by BCG-CII. The growth will be driven mainly by the OTT, gaming, animation and VFX segments.

The envisaged opportunities are discussed further. Your Company is favourably placed to participate in the opportunities arising from the home-state that is considered the Growth Engine of India.

THREATS & RISKS:

1. Copyright and piracy issues

These challenges have been in the industry for a very long time now and it is very difficult to bring justice even if the laws are all stringent and in place. With the rise of digitisation, more big data problems have emerged such as sharing of account information through which multiple users can view content from the same account, using the password. It then becomes difficult for the production houses to categorise what genre of content is favourable to an adult and to a child. Pinpointing on the demographic details of an account user also becomes extremely difficult. Many people have started using the content available on online platforms for their own use; pirate and spoof this data to make it look like their own new creation and upload it to generate revenue. This is another major issue faced by, in particular, the entertainment industry.

2.Cyber Attack Chatter

Attackers frequently use surface, deep and dark web chatrooms and forums to plan attacks, choose targets and sell hacking services. This chatter can become useful intelligence for media and entertainment agencies looking to thwart attacks on talent, fans and brand before they occur. Early warning of stolen credentials, account hacking attempts and impersonations is necessary to protect media brands and talent alike. Within the media and entertainment industry, ZeroFox identified 450,000 incidents related to cyber attack chatter within the specified time period.

3. Challenges with respect to taxation

Each business has to pay taxes, to the local government, to the state and the centre. The Income Tax department comes very heavily on the defaulters, from huge amounts of fines to even imprisonment. Taxation is a very slippery path and it is very important to be cautious as to how the media industry grows and grows safely (without having being a target to the tax structure). Hence it is very important that this industry has a very sound section to manage taxes.

4. Adaptation challenges

Only a few percentages of players in the media industry are welcoming new technologies to their area of work, while the majority are hesitant and are concerned about the backfire or the trouble these new “uncommon” solutions will cause. This results in dependency on outdated methodologies making it difficult for the players to communicate business between themselves. Use of terms like “big data”, “artificial intelligence”, “automation” etc have increased now more than ever, particularly as reporting tools and yet we are resilient in adapting these technologies for our benefit.

Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to be communicated in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the IND AS financial statements and our auditor's report thereon.

Our opinion on the IND AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the IND AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

SUNGOLD MEDIA AND ENTERTAINMENT LIMITED

Notes to Financial Statements

1. Summary of significant accounting policies

1.1 Basis of preparation

Compliance with Ind AS

The financial statements have been prepared to comply in all material respects with the Indian Accounting Standard ('Ind AS') notified under section 133 of the Companies Act, 2013 read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 issued by the Ministry of Corporate Affairs, except additional disclosures required by the Companies Act.

The financial statements are based on the classification provisions contained in Ind AS 1, 'Presentation of Financial Statements' and division II of schedule III of the Companies Act 2013. Further, for the purpose of clarity, various items are aggregated in statement of profit and loss and balance sheet. Nonetheless, these items are disaggregated separately in the notes to the financial statements, where applicable or required.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

1.2 Use of Estimates and Judgements

In preparing the financial statements, the Management has to make certain assumptions and estimates that may substantially impact the presentation of the Company's financial position and/ or results of operations.

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Although the Company regularly assesses these estimates, actual results may differ from these estimates. Changes in estimates are recorded in the periods in which they become known.

1.3 Property, plant and equipment ('PPE')

Freehold land is carried at historical cost. Property, plant and equipment is carried at the cost of acquisition or construction and depreciated over its estimated useful life. An impairment loss is recognised in addition if an asset's recoverable amount falls below its carrying amount.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it meets the asset recognition criteria as per Ind AS 16 - Property, Plant and Equipment.

Significant asset components with different useful lives are accounted for and depreciated separately.

If there are indications that an individual item of property, plant and equipment may be impaired, the recoverable amount is compared to the carrying amount. The recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. If the recoverable amount is less than the carrying amount, an impairment loss is recognised for the difference. If the reasons for a previously recognised impairment loss no longer apply, the impairment loss is reversed provided that the reversal does not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognised for the asset in prior years.

1.4 Financial Liabilities

Financial liabilities are initially recognised at fair value if the Company has a contractual obligation to transfer cash or other financial assets to another party. Borrowings and payables are recognised net of directly attributable transaction costs. In subsequent periods, such liabilities are measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the contractual obligation is discharged or cancelled or has expired.

1.5 Taxes

The income tax expense comprises of current and deferred income tax. Income tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or directly in equity, in which case the related income tax is also recognised accordingly.

a. Current tax

The current tax is calculated based on the tax rates, laws and regulations, which have been enacted or substantively enacted as at the reporting date. The payment made in excess / (shortfall) of the Company's income tax obligation for the period are recognised in the balance sheet as current income tax assets /liabilities.

Any interest / penalties, related to accrued liabilities for potential tax assessments are not included in Income tax charge or (credit), but are rather recognised within finance costs.

b. Deferred tax

Deferred tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying values in the financial statements. However, deferred tax are not recognised if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized.

The unrecognised deferred tax assets / carrying amount of deferred tax assets are reviewed at each reporting date for recoverability and adjusted appropriately.

Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled

1.6 Cash and cash equivalents

Cash and cash equivalents include cash in hand, bank balances and any deposits with original maturities of three months or less (that are readily convertible to known amounts of Cash and cash equivalents and subject to an insignificant risk of changes in value). However, for the purpose of the Statement of cash flows, in addition to above items, any bank overdrafts / cash credits that are integral part of the Company's cash management, are also included as a component of Cash and cash equivalents.

1.7 Share capital / Share premium

Ordinary shares are classified as Equity when the Company has an un-conditional right to avoid delivery of cash or another financial asset, that is, when the dividend and repayment of capital are at the sole and absolute discretion of the Company and there is no contractual obligation whatsoever to that effect.

1.8 Employee benefits

The Company's employee benefits mainly include wages, salaries and bonuses. The employee benefits are recognised in the period in which the associated services are rendered by the Company employees.

1.9 Provisions

a. General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources will be required to settle the said obligation, and the amounts of the said obligation can be reliably estimated.

Provisions are measured at the present value of the expenditures expected to be required to settle the relevant obligation, using a pre-tax rate that reflects current market assessments of the time value of money (if the impact of discounting is significant) and the risks specific to the obligation. The increase in the provision due to un-winding of discount over passage of time is recognised within finance costs.

b. Contingencies

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

1.10 Revenue recognition

Revenue is recognised when it is probable that the entity will receive the economic benefits associated with the transaction and the related revenue can be measured reliably. Revenue is recognised at the fair value of the consideration received or receivable, which is generally the transaction price, net of any taxes / duties, discounts and process waivers.

1.11 Borrowing costs

Borrowing costs consist of interest and other ancillary costs that the Company incurs in connection with the borrowing of funds. The borrowing costs directly attributable to the acquisition or construction of any asset that takes a substantial period to get ready for its intended use or sale are capitalized. All the other borrowing costs are recognised in the statement of profit and loss within finance costs of the period in which they are incurred.

1.12 Earnings per share ('EPS')

The Company presents the Basic and Diluted EPS data.

Basic EPS is computed by dividing the profit for the period attributable to the shareholders of the Company by the weighted average number of shares outstanding during the period.

Diluted EPS is computed by adjusting, the profit for the year attributable to the shareholders and the weighted average number of shares considered for deriving Basic EPS, for the effects of all the shares that could have been issued upon conversion of all dilutive potential shares.

1.13 Segment Reporting

The Company operates only in one business and geographical segment. Therefore, segment information as per Ind AS-108, 'Segment Reporting', has not been disclosed

1.14 Recent Accounting Pronouncements

The Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2022.
